

CME Information

The target audience for this meeting includes: Physicians, Laboratory Directors, Scientists and Educators primarily engaged in teaching, research and service in academic medicine.

The learning objectives for this meeting are as follows:

- Discuss best practices in Laboratory Medicine Education including clinical pathology subspecialties, genomics and personalized medicine and research training for medical students, residents, and clinical fellows.
- Explain the relationship between laboratory testing and personalized medicine.
- List several current innovations in cancer biology and pathology research and explain their impact on the clinical practice of laboratory medicine.
- Discuss contemporary basic, translational, and clinical research in laboratory medicine.

AMA PRA Category 1 Credits

The AACC is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians. The AACC designates this continuing medical education activity for a maximum of 12.0 AMA PRA Category 1 Credits. Physicians should only claim credit commensurate with the extent of their participation in the activity.

ACCENT® credits

AACC also designates this program for a maximum of 12.0 ACCENT® credit hours towards the AACC Clinical Chemist's Recognition Award. AACC is an approved provider of continuing education for clinical laboratory scientists in the states of California, Florida, Louisiana, Montana, Nevada, North Dakota, Rhode Island, and West Virginia.
